 STRENGTHENING COMMUNITY, RESPONDING TO NEEDS

YMCA of GREATER NASHUA | 2023 Annual Campaign

OUR MISSION

To instill values and provide opportunities for lifelong personal growth and the development of a healthy spirit, mind, and body for all.

OUR CAUSE

We know that lasting personal and social change comes about when we all work together. That's why at the Y, strengthening community is our cause. Every day, we work side-by-side with our neighbors to make sure that everyone, regardless of age, income or background, has the opportunity to learn, grow and thrive.

OUR IMPACT

The YMCA of Greater Nashua, as a cause-driven organization, emphasizes its four core values – caring, honesty, respect, and responsibility – in all elements of the organization. The need is urgent and growing, and we cannot meet it without you!

Together We Can Provide Critical Childcare: This year, the Y remains committed to providing childcare to children in our education and in our summer day camps. In 2023, one in four children will need financial assistance in our Early Education Center.

Together We Can Deliver Educational Support: We are committed to providing Power Scholars Academy to hundreds of kids this summer, combating the summer learning slide that can adversely affect Nashua children deemed at-risk; and providing before and after-school programming, homework help, and tutoring. The Y will provide assistance so hundreds of children a day have a safe place to learn in the next year.

Laura McGowan's Y story encompasses more than 25 years. Today, Laura has custody of two of her grandchildren. When she needed childcare for them, it was natural for her to look to the Y. "I wanted a place for them to feel safe and secure. I needed it to be affordable. They are quiet and very tentative at first when they meet people. We were given best treatment by the childcare staff – both on a financial level and through the creativity of the program. The kids flourished. They are outgoing now. They engage in everything. When they get up in the morning they are ready to go to preschool." Laura appreciates the Y Cares financial assistance her family receives now in her time of need. "I am very much into paying it forward. It's helped so much while my daughter finished her education."

Together We Can Improve Health and Well-Being: The Y reaches out to the most vulnerable populations to reduce food insecurity, combat senior isolation, chronic disease prevention, prevent diabetes, reduce childhood obesity, just to name a few. This year, we are expanding to meet the needs of social and emotional health challenges many kids and families are facing as a result of the pandemic by adding additional programming and expertise to help children in current programs.

Together We Can Strengthen Families: The Y serves over 30,000 individuals and families in our community, and will provide over \$700,000 in financial assistance so they can access all the Y has to offer. We have always been known as a place where families learn, grown and thrive together.
