JOIN US FOR SOME FUN PROGRAMS AT THE YMCA

JOIN US AT THE Y FOR CONNECTION, FUN, SPORT, EXERCISE, WELLBEING AND COMMUNITY!

Programs are a big part of the YMCA experience; connecting members, giving youth a place to express themselves and burn off energy with friends, and helping others to achieve mental, physical and spiritual goals. Families, friends and neighbors can start to research programs and make plans for the upcoming session today, by visiting the program registration portal.

Discover our multitude of program options by clicking one of the Program options at the top of this page for more information on what's offered by program category

PROGRAM REGISTRATION SPECIFICS

Register Online

All Registrations can be made online through our [Program Registration Portal](#).

Searching for Programs

You can utilize this guide to begin your research of programs you'd like to enroll in. It contains some, not all, program descriptions, but does contain activity grids for all programs being offered.

Additionally, the registration portal has an elaborate search engine mechanism to help with choosing programs. Members are encouraged to use the filtering system within program portal.

- Use the filter options for category, location, participant age, day of the week, time of day and keywords; all of which can be helpful in targeting programs of interest.
- To search for specific programs by name you can use the keyword functionality (i.e. "Express" for Express Term programs or "Soccer" for soccer programming).

REGISTRATION, BILLING AND PROGRAM QUESTIONS

If you have questions about program registration, billing, how programs will be run or what is being offered, you can contact the director of the program by clicking on their names below to send them an email.

Arts, Music and Enrichment Programs: [Tiffany Joslin](#)

Dance Programs: [Tiffany Joslin](#)

Healthy Living Programs: [Eirikur Holt](#)
(LiveStrong, Prescribe the Y, BOOST, Prevent T2, etc.)

Sports and Recreation Programs: [Andy MacEachern](#)

Swimming and Swim Lessons: [Clark Plummer](#) (Merrimack YMCA and [Denean Johnson](#) Nashua YMCA)

or see what's available by clicking on the link below and then searching by program category, keyword, age, branch location, day of the week or even time of day.

Programs will populate in the program portal no later than the Wednesday before registration opens. This will allow members 5 days to research the offerings and determine desired programs prior to registration opening. Before that, upcoming programs can be viewed by clicking "Programs" after the below link and then click on the "Coming Soon" tab.

Further Program Details

Our web site's program pages have additional information about our program groupings and contain links to click through to registration for those specific areas of activity or concentration.

This program guide contains some program descriptions that highlight those areas of programming, but does not contain the full breadth of program descriptions. You can find the full listing of program descriptions online within the program registration portal where you can discover a fuller understanding of what each program consists of and what to expect from them.

Further Registration Details

If you have further questions about registration you can visit our [program registration page of our web site](#). It contains information around registration and also a list of the upcoming sessions and their timeframes.

If you have program specific questions, feel free to reach out to the below list of people to inquire further.

ARTS & HUMANITIES SESSION A PROGRAMS: 9/9-11/3

ART AND HUMANITIES:

www.nmymca.org/artsenrichment

Art

Preschool Art:

Let's Get Messy (Ages 1-3) – Guardian/Child

This is the perfect class for your budding artist. Different art stations will be set up for open art play! Care giver participation is required.

ArtNastics 1 & 2 (Ages 2-5) – Guardian/Child for ArtNastics 1

This class will start with an art class where your child can explore their creativity with different art stations in the art room, then move to Tumble Town where your little one will work their muscles in a fun, safe environment. Care giver participation is required.

Story and a Craft (Ages 3-5)

Students will learn how fun art can be through the magic of books. Using book illustrations as a template, we will explore different art styles. In this class, we will read childhood favorites such as Eric Carle and Lois Elhert and make projects based on their stories.

Nature Art (Ages 4-6)

This class is a great way for your child to explore their surroundings, express their imaginations, and develop their artistic skills. We will be creating artwork, and building with items found outside. This class is a wonderful way to feel inspired, and refresh the creative spirit.

Youth Art:

Silly Science (Ages 5-8)

Welcome to the Wacky Wonders of Science class, where we turn the ordinary into the extraordinary! Join us for hands-on experiments as we take a fun journey through the world of science.

Arts Around the World (Ages 6-12)

If your child enjoys adventure and travel, don't miss out on the trip of a lifetime exploring the different countries through the eyes of art. Students will enjoy a fun week of "travel" as they learn about art, music, and folk dances from different countries and cultures around the world.

Play with Clay (Ages 6-12)

Does your child like to use clay? This class is the perfect opportunity to learn how to use it. Students will make and paint their own creations while learning the techniques of air dry clay.

Master Monets (Ages 6-12)

Your kids will become mini master artists right before your eyes. Each week we will talk about new artists and re-create their technique. Before you know it, you will have a mini master artist on your hands.

STEM Challenge (Ages 6-12)

Students would be given a different challenge each week to come up with a creative way to solve using different skills from math, science, art, music, and technology.

Music

Youth and Teen Music:

Youth Guitar (Ages 8-17)

Have you ever wanted to learn to play the guitar Now you can in this beginner class! Participants supply their own guitars.

ARTS & HUMANITIES SESSION A PROGRAMS: 9/9–11/3

Gymnastics

www.nmymca.org/gymnastics

Preschool Gymnastics:

Mini Movers (Ages 1-2) – Guardian/Child

Mini Movers offers age appropriate instruction to help children gain coordination, balance, listening, social and motor skills – all in a fun environment.

ArtNastics 1 & 2 (Ages 2-5) – Guardian/Child for ArtNastics 1

This class will start with an art class where your child can explore their creativity with different art stations in the art room, then move to Tumble Town where your little one will work their muscles in a fun, safe environment. Care giver participation is required.

Lil' Tumblers (Ages 2-4) – Guardian/Child

Lil' Tumblers offers age appropriate instruction to help children gain coordination, balance, listening, social

and motor skills – all in a fun environment. In this class, guardians will participate until independence can be achieved.

Preschool Pikes 1 (Ages 3-5)

This preschool gymnastics program offers age appropriate instruction to help children gain coordination, balance, listening, social and motor skills – all in a fun environment.

Youth Gymnastics:

Preschool Pikes 2 (Ages 4-6)

Designed for the older preschooler, this class will continue to build the skills students learned in Preschool Pikes.

Tumble and Twirl (Ages 4-6)

Perfect combo class for your little gymnast or future ballerina. You will begin with a bitty ballet class, and end with tumbling fun using the mats.

Kinder Gym (Ages 5-7)

Kinder gym is designed as a bridge between preschool and school-age gymnastics classes. Students will work on strength, flexibility, and continue skill progressions learned in Preschool Pikes.

Tumble Kids 1 (6-9)

This tumbling class focuses on developing strength and flexibility, as well as mastering basic tumbling skills such as cartwheels, round-offs, handstands, and backbends.

Tumble Kids 2 (8-12)

This class will continue to develop skills mastered in the level 1 class. This tumbling class focuses on developing strength and flexibility, as well as mastering intermediate tumbling skills such as front and back walkovers, limbers, and back handsprings. *Students must be able to do a full handstand, cartwheel passing through vertical position, as well as backbends and kickovers with minimal assistance.*

DANCE SESSION A PROGRAMS: 9/9–11/3

PROGRESSIVE DANCE: JOIN A NATIONAL AWARD WINNING DANCE TEAM!

www.nmymca.org/dance

Our popular and distinct Progressive Dance program is in its 22nd year. Registration covers September through May and the prices reflect the yearly cost of the program. Registrants are required to make a \$25 non-refundable deposit towards the cost of their recital costumes/ recital fees at the time of registration. This \$25 deposit is per class.

Classes will be charged on a month to month basis. Each month's payment will come out on the first of each month, and will be automatically scheduled to a credit card or bank account on file. You may chose to pay for the year in full if you would like as well!

We also off a discount program for additional classes per participant; first class is full cost, second class is 25% off, third is 50% off, fourth or more class is 75% off. A \$25 deposit is required per class at the time of registration.

Students will participate in our annual year-end Spring Recital, although it is not mandatory. All students are required to wear appropriate dance attire and foot wear to all classes. Please contact Tiffany Joslin in Nashua if you have any questions regarding attire, curriculum, or class placement.

Pre-Dance

Dancers will be introduced to the elements of ballet and tap in this fun beginner class. This class is perfect for dancers who love to be both graceful and energetic!

Kinder Hip Hop

Perfect hip hop class for your beginner Dancers will learn basic hip hop as well as show some of their own best dance moves while grooving to their favorite music.

Acro Dance

In acro, dancers will work on their strength, flexibility, and stamina while studying the elements of dance and gymnastics. Dancers will learn moves from forward rolls to chest stands and many more! Dance is a key element in acro, so it is necessary that dancers take acro along with another dance technique class. Acro levels should be the same as the students ballet level.

Ballet

Ballet is the foundation of dance and it emphasizes the importance of technique by working on posture, body placement, and extensions. We incorporate elements of both contemporary and classical ballet. Ballet is strongly encouraged for all levels.

Hip Hop

The hip hop style gains influence from street-style, urban, and trendy dance moves. Dancers will explore popping, locking, and break dancing. This style is where dancers can let loose and have fun.

Jazz/Tap

Jazz teaches a combination of both classical styles along with new dance trends and styles. Students will focus on improving their flexibility, leaps, turns and isolated body movements. Dancers will also learn the essentials of tap while exploring syncopated rhythms and musicality.

Lyrical

While learning lyrical, dancers will explore themselves as dancers and will be given opportunities to fully express themselves. This style of dance incorporates elements of ballet and jazz.

Musical Theater

Dancers will learn traditional Broadway styles and will learn about prominent figures in musical theatre. While improving their technique and overall dance ability, dancers will also work on their acting capabilities.

RECREATIONAL DANCE:

www.nmymca.org/dance

Lil' Dancers (Ages 2-4) – Guardian/Child

This wonderful introduction to the world of dance includes ballet skills, and creative expression in a loving fun environment. The class is designed to acclimate children to dance class with parent participation until separation can be accomplished.

Bitty Ballet (Ages 3-4)

Just the right class for your future ballerina! This class will introduce your child to movement, balance, spacial awareness, basic terminology, and more using both creative movement and pre-ballet curriculum.

Tumble and Twirl (Ages 3-5)

Perfect combo class for your little gymnast or future ballerina. You will begin with a bitty ballet class, and end with tumbling fun using the mats.

Adult Tap (Ages 18+)

This class will work toward establishing fundamental tap movements, vocabulary and will work on basic rhythms and steps that progress into fun and lively dance combinations. No prior tap experience necessary.

SWIM SESSION A PROGRAMS: 9/9-11/3

AQUATICS/GROUP SWIM LESSONS

www.nmymca.org/swim

Imagine watching your child swim for the first time all by himself. The joy of seeing that accomplishment and confidence is unmatched. In our swim lessons, we're not just teaching life-saving skills – we're building confidence.

At the Y, we see swimming as a life skill. Our swim lessons prepare kids of all ages to stay safe and have fun in the water, building strong swimmers and confident kids. Research's shows that nearly 60% of youth drownings happen within 10 feet of safety. The Y found it is was critical to develop the new swim lesson program with this in mind. Using our new approach to lessons, we teach kids how to be safe and independent around the water, as well as teaching safe habits that will keep the pool a fun place to be.

Every lesson students gain important life skills for staying safe around the water, while only learning the skills the are ready to take on and always developing towards the next skill. With this in mind the Y developed a new approach to how we teach.

Our Approach

Using skill-based instruction: A large portion of our instructional time is dedicated to teaching students fundamental swimming skills. Using the method of instructing, practicing, and assessing fundamental skills through multiple activities we are able to help teach kids in a way that helps them remember and continue to improve.

Maximizing physical activity: The curriculum maximizes the number of minutes students are physically active. At every lesson, students engage in group activities that promote additional active time in the pool and give everyone a chance to practice skills.

Emphasizes Safety: With the importance of always asking permission first before getting in the water, our new safety topics addresses issues that can affect the day-to-day lives of students and their families, focusing on how to safely avoid danger in the pool.

Engages families: Our new swim lesson program utilizes a comprehensive guardian communication toolkit to help guardians have an understanding of what each stage is teaching and how those skills build off each other.

Research shows that participation in formal swimming lessons can reduce the risk of drowning by **88 percent** among children aged one to four years.

(Source: Pediatrics & Adolescent Medicine 2009)

GETTING THE MOST OUT OF YOUR YMCA GROUP SWIM LESSONS

GUARDIAN TIPS

- Register for the correct level! Use the program descriptions in this guide, or give us a call. We can talk about your child's readiness for a particular level OR schedule a free assessment.
- Get ready! Children with shoulder length hair or longer must tie it back. Swim caps and goggles are strongly encouraged for Stage 3 and higher.
- Don't forget to bring your towel to the pool deck!
- Meet your instructor on the pool deck in the designated drop off zone. Note: your instructor may be in the pool finishing a class.
- If you choose to leave the pool deck during lessons, please return 5 minutes prior to the end of class for pick up. Please note: you must remain in the building for the duration of class!

CLICK TO DOWNLOAD THE SWIM LESSON SELECTOR! ----->

HELP US KEEP OUR POOL CLEAN

- **Please remove your street shoes:** they carry dirt, salt and other germs onto the pool deck.
- **Take a shower:** this helps keep our water fresh and balanced!
- **Stay home:** if your child has not been feeling well in the last 24 hours, please stay home! Aquatics staff may ask your child to leave if they are visibly ill. A system credit may be issued for absence for medical reasons, just provide a doctor's note.
- **Swim diapers:** Children not fully potty trained are required to wear swim diapers.

SWIM SESSION A PROGRAMS: 9/9-11/3

AQUATICS/GROUP SWIM LESSONS

www.nmymca.org/swim

SWIM LESSON SELECTOR AND CURRICULUM DESCRIPTIONS

Below is an overview of the new swim lesson curriculum stages and their descriptions. There is further information about the new curriculum and available on our web site at www.nmymca.org/ymca-swim-lesson-program.

SWIM STARTERS

Accompanied by a guardian, infants and toddlers learn to be comfortable in the water and develop swim readiness skills through fun and confidence-building experiences, while guardians learn about water safety, drowning prevention, and the importance of supervision.

A / WATER DISCOVERY
Guardians accompany children in stage A, which introduces infants and toddlers to the aquatic environment through exploration and encourages them to enjoy themselves while learning about the water.

B / WATER EXPLORATION
In stage B, guardians work with their children to explore body positions, floating, blowing bubbles, and fundamental safety and aquatic skills.

SWIM BASICS

Students learn personal water safety and achieve basic swimming competency by learning two benchmark skills:

- Swim, float, swim—sequencing front glide, roll, back float, roll, front glide, and exit
- Jump, push, turn, grab

1 / WATER ACCLIMATION
Students develop comfort with underwater exploration and learn to safely exit in the event of falling into a body of water in stage 1. This stage lays the foundation that allows for a student's future progress in swimming.

2 / WATER MOVEMENT
In stage 2, students focus on body position and control, directional change, and forward movement in the water while also continuing to practice how to safely exit in the event of falling into a body of water.

3 / WATER STAMINA
In stage 3, students learn how to swim to safety from a longer distance than in previous stages in the event of falling into a body of water. This stage also introduces rhythmic breathing and integrated arm and leg action.

SWIM STROKES

Having mastered the fundamentals, students learn additional water safety skills and build stroke technique, developing skills that prevent chronic disease, increase social-emotional and cognitive well-being, and foster a lifetime of physical activity.

4 / STROKE INTRODUCTION
Students in stage 4 develop stroke technique in front crawl and back crawl and learn the breaststroke kick and butterfly kick. Water safety is reinforced through treading water and elementary backstroke.

5 / STROKE DEVELOPMENT
Students in stage 5 work on stroke technique and learn all major competitive strokes. The emphasis on water safety continues through treading water and sidestroke.

6 / STROKE MECHANICS
In stage 6, students refine stroke technique on all major competitive strokes, learn about competitive swimming, and discover how to incorporate swimming into a healthy lifestyle.

Adaptive Swim Lessons (Ages 3-12)

These adaptive swim lessons incorporate specialized aquatic strategies to assist swimmers with diverse physical and neurological abilities. The YMCA Adaptive Lesson instructors are trained in Swim Whisperers® through Swim Angelfish to gain adaptive aquatic skills and knowledge and learn how to address sensory and motor challenges that swimmers face.

Personal Lessons (Ages 3+)

We provide personal swim lessons to family members, youth members & community members, three years of age or older, who want to improve their swimming technique, skills, and knowledge. An instructor will provide personalized instruction based on the strengths and needs. Each lesson will last 30 minutes and will focus on the areas of improvement you would like to see.

Developmental Swimming (Ages 6-13)

This class focuses on the improvement of the four racing strokes through technique correction, while introducing

participants to the proper form for flip turns, dives and various drills in a noncompetitive way. Our goal is to provide participants between the ages of 6-13 the ability to join a swim group to improve their skills and swim with peers.

Competitive Strokes (Ages 6-15)

This class is for those who have completed all other stages and aged 6-15 years old. You will work on building endurance and swimming for fitness, as well as refine stroke techniques and the rules of competitive swimming. This will include flip turns, breast stroke pullouts, pacing, relays, I.M. order and more. Expect more endurance work and a more coach-style of teaching.

Adult Beginner (Ages 13+)

This level is intended for participants who have little to no swim experience or comfort in the water. The goal is to increase confidence and develop basic water skills including breath control, balance, floating, and basic swimming skills.

SPORTS SESSION A PROGRAMS: 9/9-11/3

SPORTS PROGRAMS: Programs Available at All Three YMCA Branches!

www.nmymca.org/sports

Feature Sports

NinjaZone

NinjaZone is a fusion of obstacle course training, gymnastics, parkour, and character building. These programs are the foundation of whole-body movement and the mind-body connection. A progressive level system evaluates and advances children in their skill and knowledge of core values as described in the NinjaZone creed. Children build strength, agility, and learn at their own pace!

Tennis

Our tennis courts at our Merrimack location are home to many different offerings in the sport. Our youth classes are great for introducing your child to the game as well as provide a platform for them to hone their skills. We also offer adult lessons for all levels, along with private lessons while availability lasts.

Adult Leagues

Are you looking for a recreational league? Westwood Park offers Men's and women's basketball, women's soccer and coed volleyball. We are always seeking opportunities to add more for YOU. If there is a sport you would like to see at Westwood, please contact us!

Adult Pickleball

We have classes for those just starting and those already at a higher level looking to improve their game! Westwood Park also offers open-play times from Sunday-Friday!

Preschool Sports (Ages 2-5)

It's never too early to begin to learn a new sport or skill! Introduce your young one to a sport in our Mini soccer, basketball, sport sampler or Lil' Ninja classes!

Lil' Ninjas

Lil Ninja is the entry level to the all-new sport discipline inspired by gymnastics, martial arts, obstacle training, and freestyle movement. Lil Ninja teaches invaluable skills like body awareness and coachability, giving your child the tools they need to excel!

Mini Basketball

This class introduced basketball to our youngest players aged 3-5! Kids will play fun dribbling games and shoot on short hoops for lots of fun!

Mini Soccer Parent & Me

This class introduces the game of soccer to our youngest players alongside their parents. Kids play games, get used to kicking the ball and have lots of great fun in!

Mini Sport Sampler

This class allows your toddler to try different sports! Each week will be a different focus. This class will try basketball, ninja and soccer, with the last week being the kids choice!

YMCA Basketball League

Our basketball league for ages 5-6 will be returning this Fall! Kids will have practice and a game on Saturday mornings at Westwood Park!

Homeschool Classes at the Westwood Park Y:

Homeschool PE

Students will have fun participating in a variety of games and exercises.

Youth/Teen Sports (Ages 6-16)

Rookie/Youth Basketball

Rookie Basketball for ages 6-9 and Youth Basketball for ages 10-14 combine game play with learning the fundamentals like shooting, ball handling, cutting and defense.

Archery

Learn the basics of archery in our Beginner archery class or improve your skills in Archery- Level 2!

Ninjas

Children learn a combination of flips, rolls, jumps, and kicks. Strength and agility are tested through obstacle courses and various training techniques. A progressive level system evaluates and advances children in their skill and knowledge of core values as described in the NinjaZone creed. Children advance and learn at their own pace

Volleyball with Dig Deep

Our volleyball classes combine game play with learning the fundamentals of sets, bumps and spikes. Each session an experienced coach from Dig Deep will guide players while they play.

NFL Flag Football League

For ages 6-9 and 10-14, this league provides a fun environment to learn and get better at flag football with teammates. Practices and games take place Sunday mornings!.

WELLNESS SESSION A PROGRAMS: 9/9-11/3

WELLNESS PROGRAMS:

www.nmymca.org/wellness

YOUTH WELLNESS

8 Week Classes

NEW Fun, Fitness, & Sports Sampler (Ages 7-9)

Come join the fun and discover the joy of being active! This class introduces young participants to the world of workouts and sports through fitness games and a sports-themed activity every week. Instructor: Tyler

Athletic Youth Fit Club (Ages 9-11)

Our Athletic Youth Fit Club introduces kids to age-appropriate movements, exercises, drills that assist in maximizing physical skills, self-confidence and body awareness. This program aims to make exercise fun and to help your young athlete to move better, safer and more effectively for their designated sport. Classes include a warm-up, skill work, workout/game. Youth Fit Club enhances a child's motor skills by teaching better movement and cognitive skills through engaging children during their workouts, which are scaled appropriately for their age. Ages 9-11. Instructor: Skyla

Kids on the Move (Ages 9-11)

In this advancing program, your child will grasp the fundamentals of strength training, mastering essential aspects such as correct form and technique, strategies for navigating the weight room, guidelines for utilizing the Wellness Center, goal-oriented training methodologies, and the significance of nutritional choices. Upon successfully finishing the program, both you and your child will be equipped to exercise together in the Wellness Center. For safety reasons and the program's incremental structure, participants may miss a maximum of two classes during the term. Instructor: Tyler and Josh

Please keep in mind, if your child is 12 years of age or younger, you (the parent) must remain in the building during the session.

Teen Strength Training for Beginners (Ages 12-16)

This is a 6-week program that teaches teens how to use the cardio equipment & strength machines, incorporates goal setting strategies, & introduces teens how to safely use free weights/functional equipment. It's encouraged teens take this program prior to the "teen workout" offering. Instructor: Skyla

Teen Workout (Ages 12-16)

Each session within this program will include a circuit-based workout. This program will keep your teen moving, exercising safely and, best yet, support making friends with their peers! This program was intentionally created for the teens who completed the "Teen Strength Training for Beginners" to continue personal growth and healthy habits. This is also a good opportunity for teens who have a baseline understanding of how to workout with weights but want to do so in a group setting. Instructor: Skyla

Self Defense (Ages 13-15)

Learning to protect yourself is crucial, but so easy to put off. You deserve the peace of mind this 6-week self-defense class will provide. Learn tools to identify, prepare for, and avoid potentially bad situations in this self defense class. You'll learn and practice techniques to handle aggressive attackers, as well as someone who is just too friendly. The techniques presented do not require strength or agility and can be done by anyone of any size or age. Instructor: Black Belt Bill

Teen LiftLab (Ages 13-17)

Building Strength with Confidence: This course is crafted to emphasize fundamental strength training, guiding teenagers in familiarizing themselves with the wellness area. Key aspects include emphasizing the significance of correct

strength training mechanics through total-body workouts, instilling proper gym etiquette, conducting fitness assessments to establish achievable goals and monitor progress, and introducing engaging games for conditioning and warm-up activities designed to elevate heart rate. Registration covers participation on both days. Instructor: Tyler

ADULT WELLNESS (Ages 17+)

Month-to-Month with Open Enrollment

BeyondHER Basics

This is an intermediate level, women's, class designed to take your strength, endurance, and confidence to new heights. In this dynamic class, we'll build on the foundations for fitness, incorporating challenging exercises to sculpt and tone your body! 4 Weeks: 2 Sessions a Week Instructor: Betsy

Circuit Revolve

A transformative fitness experience that propels you towards your wellness goals! This dynamic circuit class is meticulously designed to ignite your fitness journey and elevate your strength, endurance, and overall wellness. Instructor: Tyler.

Functional Infusion

This class will put an emphasis on mobility, proper form, joint stabilization, and exercises that emulate everyday movements. With a combination of both cardio and strength training, this class will have your body working as a single unit to allow for maximum efficiency in everyday life. Functional Infusion is great for all levels and those who are looking for a challenging, hybrid environment. Members can choose either a twice-a-week option or a once-a-week option. Instructor: Skyla

WELLNESS SESSION A PROGRAMS: 9/9–11/3

WELLNESS PROGRAMS:

www.nmymca.org/wellness

NEW Kettlebell Foundations

Kettlebell Foundations is a program where participants will discover the foundational kettlebell movements including swings, cleans, get-ups, windmills, and more. This is a hands-on class with demonstrations and practice incorporated into each session. Handouts (digital or printed) are also provided with instructions, cues, visuals, safety tips, progressions, modifications, and video links. Some strength training experience is recommended. No prior kettlebell experience is necessary – just a desire to learn!

4 Weeks: 2 Sessions a Week

Instructor: Mark Officer

Kickboxing 101

This 8-week class is for people interested in learning how to properly strike & kick, all while getting a total body workout in! Limited spots are available to ensure enough space with the kickboxing bags and participating members. This intimate class size will provide a fantastic opportunity to get the proper coaching and any support needed to understand the baseline knowledge of kickboxing.

Instructor: Lauren G

Mindful Movement and Meditation

Participants are guided through gentle mobility and stretching movements with calming breathwork, and then transition to guided meditation (lying on yoga mats). Meditation content will vary (ex: the wandering mind, body sensations/pain, stress, gratitude etc) before concluding with several minutes of quiet rest (shavasana). The goal of the class is for participants to notice where they feel stress and tension in their body and release that throughout the class. The structure will also incorporate a series of stretches/mobility movements they can practice at home. Participants should bring their own yoga mat and some water; a light

blanket or sweatshirt is recommended in the event the studio is cool.

Certified Health Coach: Tina

MomBod

Back by popular demand! Being a mom is wonderful, but moms often put their self-care last. And let's face it, welcomed or not, our bodies can change after becoming a parent. Mom-bod Muscle is NOT about losing weight and does not focus on being thinner. Mom-bod Muscle IS about gaining strength and confidence. The focus will be about performing exercises correctly and being able to navigate a gym setting with comfort. You'll be under the supervision of a Certified Personal Trainer who will keep your goals and well-being in mind. Grab your mom friends and let's have a blast getting our mom-bod muscle on!

Instructor: Tyler

COMING SOON Pillars of Health

Accountability Surrounding Nutrition and Weight loss: A 10-week program with mini lectures, tools for consistency, and guidance on goal setting. Please reach out to Liz at ekaas@nmymca.org if you are interested in more information!

Self Defense

Learning to protect yourself is crucial, but so easy to put off. You deserve the peace of mind this 6-week self-defense class will provide. Learn tools to identify, prepare for, and avoid potentially bad situations in this self defense class. You'll learn and practice techniques to handle aggressive attackers, as well as someone who is just too friendly. The techniques presented do not require strength or agility and can be done by anyone of any size or age.

Instructor: Black Belt Bill

NEW The Big 3

The Big 3, Squat, Bench Press and Deadlift, are compound movements that target multiple muscle groups at once. These movements improve overall strength, bone health, and muscle composition. Demonstrations and practice are incorporated into each session. We'll go over proper form, cues, safety tips, and how to progress the movement.

Some strength training experience is recommended. Beginner level.

4 Weeks: 2 Sessions a Week

Instructor: Liz S or Crystal T

Women's Strength Training 101

This class is designed intentionally for women to learn how to properly and safely strength train & lift in an environment with other like-minded women. Each week the group sessions will progress as the trainer ensures participating members are safe, effective and most importantly having fun! Members can choose either a twice-a-week option or a once-a-week-option. Please note, if you are a mom and need childcare, Kid Stop is open from 9am-12pm Monday-Thursdays; this is a service to help support parents in getting their workouts in while their child is being taken care of.

Instructor: John.

NEW Yoga Foundations

Learn the Foundational Yoga Poses Safely and Effectively. This class is designed to accommodate participants of all levels. You'll be part of a small group with an instructor who will provide individual attention to help you start or progress your yoga practice.

Instructor: Meredith M

ADULT PROGRAMS (18+)

Bones

Strength training program aimed to build stronger bones and muscles to help combat Osteoporosis.

BOOST

Small group training program perfect for beginners or those recovering from injury or illness. Each class includes a warm up followed by cardio and strength and ends with a good stretch.

Enhance Fitness

This is an evidenced -based small group exercise program designed to help adults w/ arthritis stay active. This class uses simple, easy -to-learn movements

to increase cardiovascular endurance, strength, flexibility, and balance.

Moving for Better Balance

12-week exercise program developed by the Oregon Research Institute. Based on the principles of Tai Chi, class is led by a qualified instructor who teaches eight movements modified especially for falls prevention.

Pedaling of Parkinson's

A group cycling class that is designed to help participants be proactive in improving their motor functions, or at the least, allow them to not regress.

Prevent T2

Diabetes Prevention Program Certified instructors help participants learn how to eat better, reduce stress and exercise more to lower the risk of developing Type-2 diabetes. This is a year-long program.

Steady B.A.S.E

Offers progressive balance and flexibility exercises to help improve your stability and help prevent falls. Designed to improve multiple factors that affect balance such as joint mobility, muscle flexibility and strengthening legs and core.
